Support SPSEF: Invest in Springdale's Future

The Springdale Public Schools Education Foundation (SPSEF) began on the premise that every child needs a strong foundation. SPSEF supports quality programs that directly and positively impact student learning and awards scholarships to Springdale's deserving graduates.

SPSEF is an independent, not-for-profit organization governed by a board of directors that represent community members, business professionals, educators, and parents. We were established to collect and distribute contributions from individuals, businesses, and organizations.

SPSEF asks our entire community, individuals and businesses, to participate in our campaign to strengthen our schools. With continued support we will establish a substantial endowment capable of funding the worthy enrichment and enhancement project requests that we receive each year. Your donation will be used to fund learning experiences for Springdale Public School students.
